

## **The Woman for Me**

The woman for me is a simple creature ...  
passable fair, of form and feature.

She's got a smile for all occasions ...  
the kind of kiss, that can heal abrasions.

Needless-to-say, her mind is strong ...  
able to withstand, most any wrong

The strength, like steel, that within her lives ...  
to all who need, she freely gives.

Her body too, has strength and power ...  
yet she is as gentle as a flower.

A strong mind and body ... a good nature too ...  
are what I need, for love that's true.

It sounds so simple ... to find this honey.  
Meeting this lady, should be easy money.

Yet, oh how hard ... it is to find ...  
a free wild woman ... of this kind!
